

# Crab shedding workshop: understanding the causes of mortality

Wednesday May 31st 2017

7 p.m. – 9 p.m.

Virginia Institute of Marine Science

1375 Greate Road, Gloucester Point, VA 23062

## **Presentations and discussion on:**

- Our recent efforts to understand mortality issues in crab shedding
- Discuss what we've learned about a blue crab virus and peeler crab mortality and how you can help
- Discuss shedding methods from catching peelers to discarding stills
- Help provide us with information on how to improve your shedding success

**Food to be provided. To reserve a spot today and for more information please contact the organizer:**
