

Wetlands Guidelines Workshop #1: "Listening to Local Regulators"

August 26, 2020 10:00-12:00

1. Jurisdictional determinations and other “field guide” information you would like to see included in the new guidelines
2. Factors for reviewing site suitability for living shorelines
3. How to communicate “best available science”
4. Other best management practices to consider
5. Integrating CBPA and wetlands reviews
6. Additional information needs of local governments
