John M.R. Bull  
Commissioner

June 10, 2015

**TO: ATLANTIC MENHADEN BUYERS AND HARVESTERS**  
**FROM: VIRGINIA MARINE RESOURCES COMMISSION**  
**RE: CLOSURE OF THE DIRECTED MENHADEN FYKE NET FISHERY**

Effective 6:00 P.M., Eastern Daylight Savings Time, Wednesday, June 10, 2015, the commercial directed menhaden fyke net fishery will close. Based on landing reports from mandatory harvest reporting and Virginia seafood buyers, it is projected that Virginia will have caught 100% of the 1,950 pounds of the directed menhaden fyke net quota, by the above date and time.

As provided in Chapter 4 VAC 20-1270-10 et seq. "Pertaining to Atlantic Menhaden", when a non-purse seine menhaden bait sector gear quota is announced, by the Commissioner, as having been attained, a 6,000 pound bycatch limit is established. Bycatch landings by that gear type shall not exceed more than 6,000 pounds of menhaden per day. All bycatch landings of menhaden must be reported according to the schedule and reporting requirements established by Chapter 4 VAC 20-610-10 et seq., "Pertaining to Commercial Fishing and Mandatory Harvest Reporting".

Therefore, after 6:00 P.M., EDST, June 10, 2015 it shall be unlawful to harvest or land more than 6,000 pounds of menhaden per day, for commercial purposes, by use of fyke net in Virginia, for the remainder of 2015.
