Pursuant to the Code of Virginia, your application will be advertised in the local newspaper for two consecutive weeks. VMRC will submit the notice to the newspaper and they will bill you directly for the advertisement. **Contact the newspaper for charge amounts.** All applications within 200 feet of highland property requires notification of such property owners. All leaseholders adjacent to an application request must also be notified. *The cost of these notifications, when required, (by either registered or certified mail) must be paid by the applicant(s) who will be billed accordingly based on the number of parties to be notified. **Please provide a map from of your locality's tax map or GIS property map with the appropriate highland properties highlighted along with the name and address of each such property owner.**

If you are applying for a riparian oyster ground lease, you must have a minimum of 205 linear feet along the mean low water line and the name on the application must be shown exactly as on the highland deed. A plat and/or deed of your highland property are required to complete the survey. No advertisement is required for a riparian ground lease application.

Additional Information:

Applications: Description can be obtained from an Oyster Planting Ground map for an unassigned or vacant area (https://webapps.mrc.virginia.gov/public/maps/chesapeakebay_map.php) or contact the Engineering/Surveying Dept. for assistance).
Application must be advertised once a week for two weeks at applicant's expense.

Survey: After a 60-day Code mandated waiting period, a VMRC surveyor will complete the field survey and prepare a plat. A 30-day waiting period after the plat is approved is required, by Code, before the ground can be assigned. (If you wish to use a Virginia private licensed land surveyor, they must contact this office to insure the survey and plat meet VMRC standards). If the application is protested a public hearing may be required for full Commission action for approval.
