MANDATORY REPORTING SAMPLES

Fishermen turn in monthly summary folders (with a pocket) and the daily catch tickets/sheets for that month. We only enter the daily catch tickets/sheets. We use the information on the folder to help complete or clarify what is on the daily catch tickets/sheets. This information is hand-written by the fishermen. Staff will add information (coded in red) to help the data entry people.

The following are examples of the monthly summaries and daily catch tickets/sheets for the seven different categories: crabs, clams, fish, mix, oyster (public), aquaculture (private), and offshore. One additional category may be added in 2010 (recreation).

Complete ALL information on the first ticket of each "4 ticket" form. On the other three tickets you may put the date, species, and amount harvested unless you have any changes in the water fished, hours gear fished and worked, gear amount and type, and the number of crew. If any of those changes occur, then you must note the changes on each new ticket. Please refer to the inside of the folder for appropriate abbreviations.

*Note: Grow Out Period = Seed to Market
