| <p><b>DESCRIPTIVE TITLE OF PROJECT:</b></p> <p>Children’s Fishing Clinic, tentatively slated for July 2008</p>  |   |                      |          |                           |          |                     |                  |
| <p><b>PROJECT SUMMARY:</b></p> <p>This clinic will provide children ages 8 to 12 the opportunity to learn the sport of fishing. It is anticipated that the children that will attend have never been afforded the opportunity to fish. Emphases will be made on the need to conserve the resource and to employ ethical approaches to utilize our valuable Marine Resources. It is anticipated that this will be an annual event. This will be our 7<sup>th</sup> year.</p>   |   |                      |          |                           |          |                     |                  |
| <p><b>EXPECTED BENEFITS:</b></p> <p>As stated above, this opportunity will afford children the opportunity to fish in a supervised environment. The children will be selected from a variety of civic and public service clubs such as Boys and Girls clubs, local community clubs, church and other day camps, etc. No selection will be made based on ethnic or religion. The children will be given the rods and reels, hats, and tee shirts to take home with them at the end of the day. This event is sponsored by 8 local Kiwanis clubs.</p> |   |                      |          |                           |          |                     |                  |
