PRIORITY AREA OF CONCERN: Provide underserved youth with some environmental education as well as a supervised fishing experience and lunch.	PROJECT LOCATION: Lynnhaven Inlet Fishing Pier Virginia Beach, VA						
DESCRIPTIVE TITLE OF PROJECT: 2006 CCA Tidewater Youth Fishing Day							
PROJECT SUMMARY: Arrange for 250 - 300 underserved youth from approximately 12 "youth groups" to be transported to the pier. Have them go through 3 - 5 education booths, then receive rods and reels and instructions on use and fishing regulations. Approximately 100 CCA volunteers will assist the children and mentor them on the pier; including education, encouragement, praise and untangling lines. Release of fish will be encouraged by providing pictures of their catch and a sticker saying "I released a big fish" when their catch is released. At the end of the day, they will keep the rods and reels to encourage their continuing participation in recreational fishing.							
EXPECTED BENEFITS: As they mature, the youths will be the next generation of fishermen and voters. The positive experience will instill a life long interest in fishing and develop an appreciation of our marine resources.
